## Existing Trees

Code	Species	Note
Ex. 1	<i>Fraxinus angustifolia</i> 'raywoodii' claret ash	Street tree in a poor/ fair condition with low vigour in the upper canopy. Canopy heavily pruned historically for power line clearance.
Ex. 2	<i>Fraxinus angustifolia</i> 'raywoodii' claret ash	Street tree in a poor/ fair condition with low vigour in the upper canopy. Canopy heavily pruned historically for power line clearance.
Ex. 3	<i>Podocarpus totara</i> 'Aurea' golden totara	Good condition and good amenity. TPZ calculation for this tree is on the conservative side.
Ex. 4	Misc. Neighbouring Trees	Prune back where appropriate.

Note: All works within TPZ's of existing trees to be conducted as per arborist advice, with TOA where required.
