

## 21 September 2022

Thank you for your email of 13 August 2022, to Kāinga Ora - Homes and Communities, requesting the following information under the Official Information Act 1982 (the Act):

Could I please get granted access to a list of upcoming KIWI build developments that are currently in planning stages with a planned completion in the next 4 years?

Please refer to the table in *Appendix 1*, which illustrates KiwiBuild homes under construction as at 31 July 2022 by location and forecast completion month.

## Please note that:

- Forecast completion dates are provided by developers and can be subject to variations, unexpected construction delays, or delays in the consenting process by the relevant local authority
- 2. Homes are not considered completed until they receive Code Compliance Certificate (CCC).

Information on KiwiBuild developments that are yet to be announced and marketed for sale is withheld under section 9(2)(b)(ii) of the Act, as providing this information would be likely to unreasonably prejudice the commercial position of the person who supplied or who is the subject of the information.

The number of KiwiBuild homes built, under construction and sold can be found on the Ministry of Housing and Urban Development website: <a href="https://www.hud.govt.nz/stats-and-insight/the-government-housing-dashboard/housing-dashboard-at-a-glance/">https://www.hud.govt.nz/stats-and-insight/the-government-housing-dashboard/housing-dashboard-at-a-glance/</a>

## About KiwiBuild:

Private developers build most KiwiBuild homes. In most cases these homes are enabled through the KiwiBuild underwrite programme, which is administered by Kāinga Ora on behalf of the Government.

It involves the Government underwriting the sale of homes in new residential developments, to facilitate the delivery of new and more affordable homes for New Zealanders. In return, participating developers agree to sell the underwritten homes at or below the KiwiBuild price caps. The underwritten homes must be offered, in the first instance, to eligible KiwiBuild buyers. The underwrite provides developers with the backing and certainty required to deliver more affordable homes at scale, providing first home buyers with more opportunities to achieve the security of home ownership and have a place to call their own.

KiwiBuild homes can also be integrated into Kāinga Ora large-scale urban regeneration projects – which provide a mix of affordable, public and market homes – or enabled through the Government's Land for Housing programme.
